

Beginning: Sunday, June 14th, 2020

Willmar Bible Church Sunday morning service update.

We will continue our Sunday Morning Services at 10:30 AM. The state has increased attendance to 50% of total capacity. That will increase the number of attendees to over 100. Because of this increase we do not need people to call or email their plan to attend, you are welcome to just show up.

We are still required to take precautions and while Willmar Bible Church cannot guarantee absolute safety, we feel by following the prescribed guidelines and with your cooperation we can minimize the risk.

We will make accommodations to facilitate the following guidelines.

- a six-foot minimum distance between households
- There will be no nursery, children are to stay with their families
- There will be no Sunday School or Jr. Church
- There will be no food or beverage served
- We will discourage touching including shaking hands

Our concern for our senior citizens has not diminished and we still encourage anyone over 65 and/or have underlying conditions to be extra cautious and to take seriously the risks involved in going out in public.

We still ask those who attend to use good judgment in taking precautions regarding you and your family's safety.

We would ask that you stay at home if...

- you have been exposed to the virus.
- you are sick
- you do not feel safe in congregating with others

We at Willmar Bible Church are still genuinely concerned about everyone's health and safety and do not want to be the cause of anyone getting sick.

We will continue to post sermons on YouTube for those who do not want to take the risk of being in a group.
